

To be sure that nothing is left from a previous installation, uninstall the programs first.

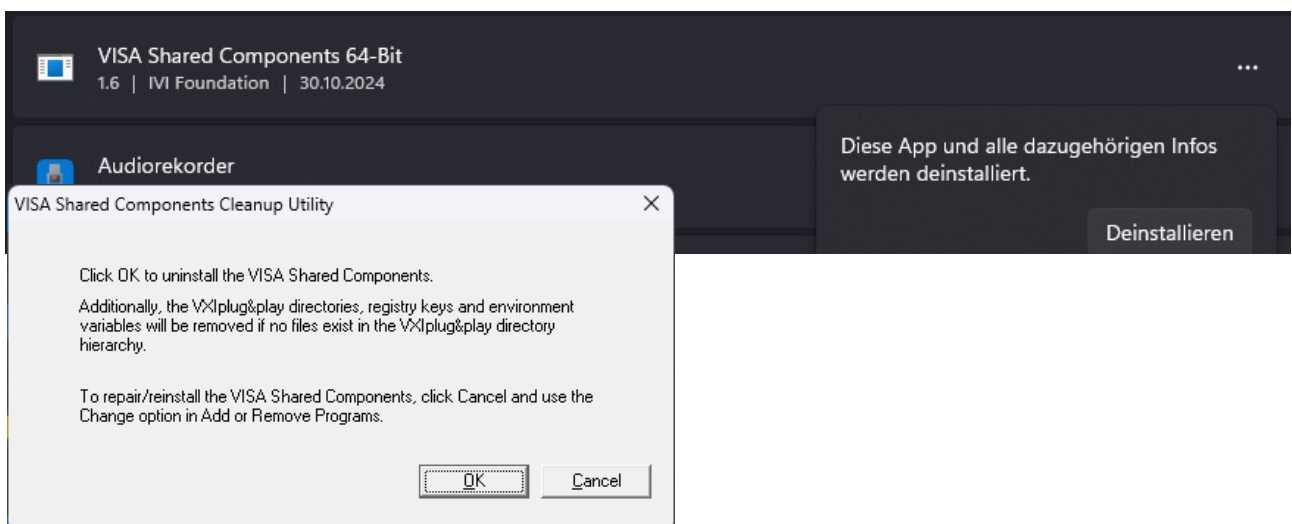

1. Uninstall the M14 program

2. Uninstall the NI software

3. Uninstall the VISA software

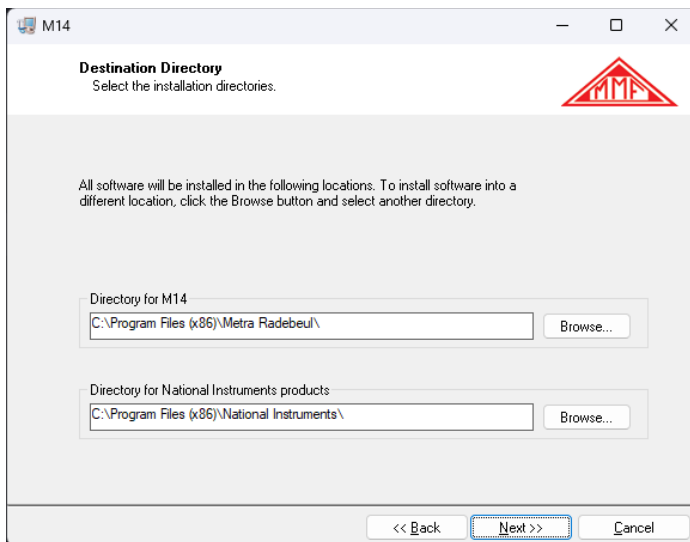

→ No NI software left on the PC.

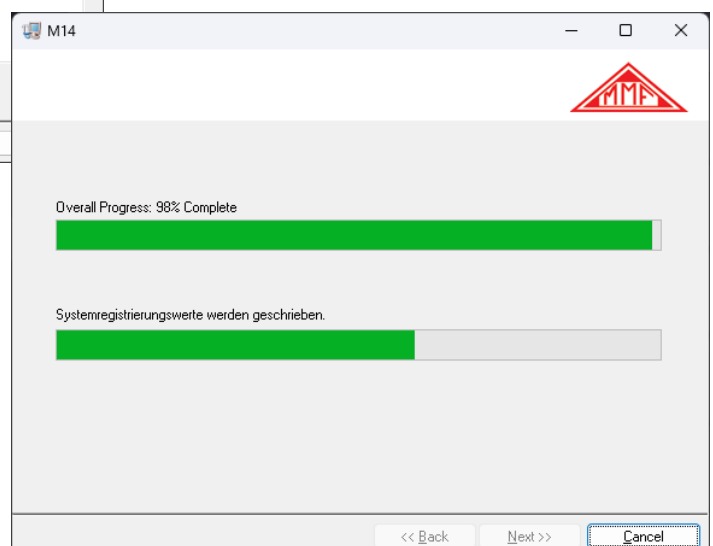

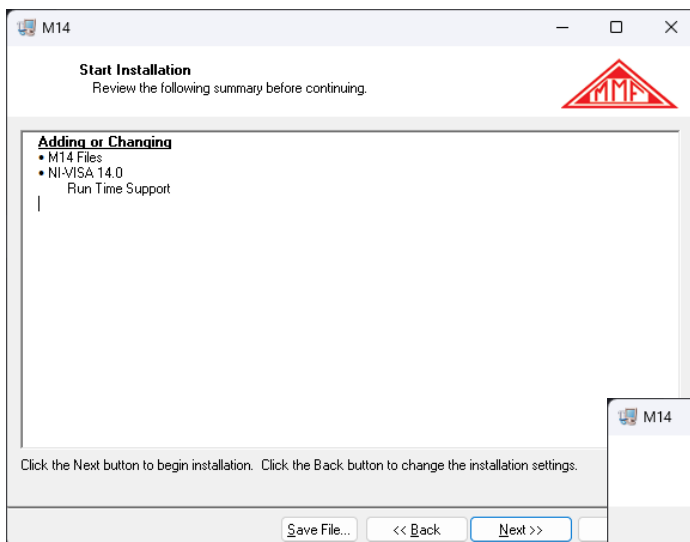

4. Open the installation package m14.zip and start setup.exe

Name	Typ	Komprimierte Größe
bin	Dateiordner	
license	Dateiordner	
supportfiles	Dateiordner	
nidist.id	ID-Datei	1 KB
setup.exe	Anwendung	2.359 KB
setup.ini	Konfigurationseinstellung...	5 KB

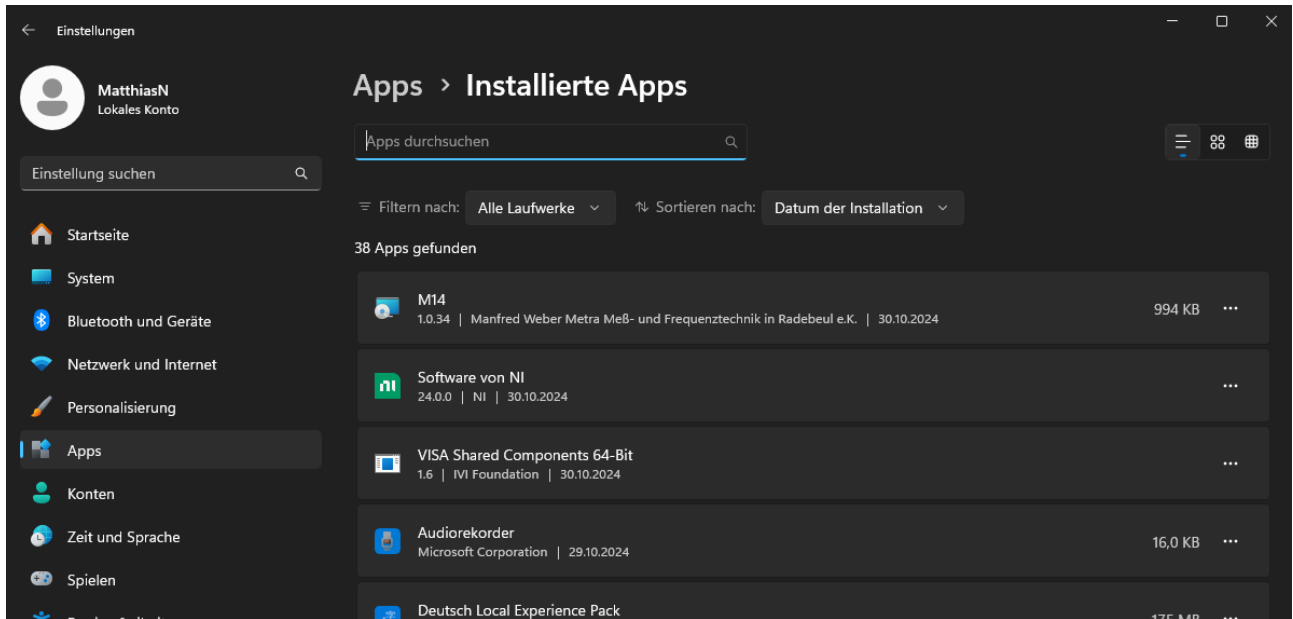

5. Choose destination folders

6. Confirm installation

→ M14, NI and VISA software are installed

M14 program can be started
